

V-TAC[®]

INNOVATIVE LED LIGHTING

5 YEAR WARRANTY PRODUCTS

*Suitable for 10-12 hours daily, usage of the product for 24 hours a day would void warranty

V-TAC[®] PRO

Teamwork Makes the Dream Work.

Samsung inspires the world and shapes the future with transformative ideas and technologies.

The company is redefining the worlds of TVs, smartphones, wearable devices, tablets, digital appliances, network systems, and memory, system LSI and LED solutions

Jacob Tarn, the Leader of Samsung Electronics LED Division's Strategic Marketing Team said; "Our lineup of LED products that utilize unparalleled chip scale packaging technologies will continue to meet the strict requirements of the automotive industry, based on outstanding reliability and ease of design implementations. We will continue to lead the technical innovations in LED lighting through continuous R&D efforts."

V-TAC , one of the fastest growing brands in led in Europe ,selling over 2000 products and selling in over 70 countries ,have now moved to enhance their level and upgrade their range of products and launched a new series of five year warranty products called as the pro-series ,which will be using the above efficient and highly reliable led chips from Samsung.

The vision of the company is to build a solid and sturdy range of products aimed at professionals and high end project which are specified .This is one area where v-tac with the five year warranty and Samsung chips will surely succeed.

01

LED Bulbs

Uses 80% less energy than Standard Bulbs

07

LED Spotlights

Broad Range of holders like GU10, MR16, G9 and G4

08

LED Floodlights

Available from 10W up to 300W

09

LED Panels

Contemporary & Elegant Design

10

LED Highbays

Powerful LED light source with a unique design

11

LED Tubes

Long Lifespan, Low maintenance and energy saving

“

Made In Class

Crafted by experts, these V-TAC bulbs are mini-versions of dazzling stars.

”

Model No.	Watts	Luminous Flux	Commercial Type:	Base	Color Temperature
VT-209	9W	725lm	A58	E27	3000K 4000K 6400K

“

All In Focus

Another feature of modern lighting are reflector bulbs. This innovative bulb uses tiny reflectors to focus light in a specific direction.

Our bulbs are unique and ideal for task-lighting.

”

Model No.	Watts	Luminous Flux	Commercial Type:	Base	Color Temperature
VT-239	3W	250lm	R39	E14	3000K 4000K 6400K
